Group Planning Chart

This is to be completed before any work is started on your podcast. This will need to be approved by me once you are finished. Make sure to give plenty of details; otherwise, it will come back to your group for revisions.

Segments needed to be included in your group’s podcast: 1 fictional writing piece (poetry or prose), 1 local story, 1 national story, 1 international story. For the local, national and international you need to have at least 1 current event and 1 historical event.
