Commercial/Advertising Project *Start-Up Plan*

Now that you have completed your series of advertisements and commercial, you need to develop your sales pitch to sell it to a financial group or investor.

Product Name
Creator/Inventor's Name(s)
Target Market
Startup Cost (Consider the cost of materials to create the product prototype, cost of website, cost of initial advertising, cost of focus group testing, cost of design/graphic design (if necessary), cost of production of initial batch of products (unless you are making them to order),cost of location if you are selling from an actual storefront/kiosk)
Sales Pitch: What are you going to say to potential investors/ financial groups when you are trying to get them to give you money for your start-up cost?:
