

Photo Montage Project

You will create a photo montage, using iMovie, of either pictures you own or pictures that you find on the Internet. This photo montage will **be one of the 6 types of montages** of your choosing. Your theme/topic must be approved by Mrs. Doolittle before you begin. **All images and music must be school appropriate!**

Process:

1. Gather thematically related pictures/video clips (either personal or from the internet)
2. Videos can not take up more than 50% of your total project.
3. Add pictures into iMovie
4. Crop and then tweak the timing of the pictures to fit the length of the photo montage
5. Add transitions between pics and set duration at 1.0 for all.
6. Add a title screen
7. Add background music.
8. Export file to your desktop
9. Upload file to your Google Drive and share with teacher

Project Requirements:

<i>Item</i>	<i>Details</i>
Time	2:00 – 2:30 minutes
Pictures	HIGH QUALITY pictures/video clips related to the theme
Music	Should fit the length of the project, be school appropriate, and be set to a reasonable sound level
Title	At the beginning of the video. Should include the title of your montage and your name, period, and teacher: My Backyard Barbecue John Smith Block 3
Transitions	Should be present between each picture/video clip, title screen and intro (1 second each)

See rubric below...

Montage Rubric:

Photo Montage Requirements	Points
Time: 2:00- 2:30 minutes	/10
Pictures: Photos/video clips (including transitions) are of high quality, and show a mastery of cropping and set duration. All images are appropriate for the theme and school appropriate. No more than 50% of project is video.	/40
Music: Music that supports the images and is synchronous throughout the montage. Music fades out.	/15
Title: Descriptive title that includes the title of your montage and your name, period.	/10
Export: Project was correctly saved, exported and shared: first initial, last name, montage, hour) example: bmillsmontage3	/10
Total Score:	85
