

iMovie Practice Reel

It's time to dive right into iMovie. Please watch the tutorial (found on Google Classroom) if you have not. After, complete the following:

1. Create a new project - choose the "Movie" option
2. On your DESKTOP, create a folder labeled "Practice Reel." You will save all your clips and images here!
3. Choose a "theme." (i.e. love, happiness, sports, a band, etc.)
4. Find 20 *high quality* images online. Save them to the Practice Reel folder on your desktop.
5. After you have your 20 images, import them into iMovie
6. Add transitions, titles, and captions to your reel. You will need a transition between each image!
7. [Watch how to export your movie to an mp4 file](#)
8. Save your project using your FIRST INITIAL, LAST NAME, PROJECT NAME, HOUR
 - a. Example: doolittlepracticereel3
9. Save your mp4 file to your Google Drive
10. Create a new page on your Google Site - Label it "MONTAGES"
11. Add your practice reel to your new page! Insert it from your Google Drive.
12. When you are finished, be sure to check "Mark as Done" on the assignment page on Classroom to receive credit.
